Participants will receive notification by fax or e-mail from the Clinical Education Department confirming their acceptance into the program 4 weeks prior to the course. If you have not received confirmation of your status 30 days prior to the date of the program, call 817-488-5159 or email linda.gilles@selectmedicalcorp.com

All participants are expected to attend the entire educational program. No partial continuing education credit can be extended. In the event that an individual who has been confirmed for a program fails to attend without giving prior notification, notification of their absence will be sent to their Market Manager.

Please be advised that the Clinical Education Department will not be able to reimburse the participant for any travel, lodging, or meal costs associated with attendance at the program.

Functional Capacity Evaluation August 28-29, 2010 – Auburn, ME

Course Description:

This course will provide extensive training in the Select Medical Work Strategies standardized Functional Capacity Evaluation. It will provide the theoretical methods of functional testing, provide a standardized step-by-step methodology for Functional Capacity Testing, and explain clinical rationale necessary for interpretation of functional testing data. The FCE education will reinforce an understanding of Worker's Compensation, Short/Long Term Disability, National Contracts and Internal/External Referral Mechanisms. Upon completion of this course the clinician will be capable of performing the Select Medical Work Strategies Standardized FCE. In addition to FCE test methodology and data interpretation, the course will provide participants with FCE documentation training and report writing skills.

Target Audience: PT, PTA, OT, COTA **Instructional Level:** Intermediate

Prerequisites for attendance (if applicable):

All clinicians must read the Select Medical FCE Training Manual and pass the Select Medical Work Strategies Self Study Course Test prior to attending the FCE Training. The self study exam is located on page 175 of the Select Medical FCE Training Manual. The FCE Training Manual is located at: http://smcweb/outpatient/novacare/ws/fce/FCE_Select_Medical_Training_Manual.pdf. The FCE Training Manual is located under the outpatient division WorkStrategies intranet site <http://smcweb/outpatient/workstrategies.asp>. You will be able to access the FCE Policy and Procedure Training Manual and required to successfully complete the WorkStrategies FCE Certification Examination Questions prior to attending the FCE Training. Completed exams should be faxed to the continuing education department to the attention of Glenda Bell @ **FAX to 817-488-5289** for scoring.

***Each clinician will be responsible for printing a copy of the FCE Training Manual and FCE forms. Bring the FCE Training Manual and Forms to the FCE Training course.*

Course Objectives

The participant will be able to:

1. Administer the Select Medical Work Strategies Standardized Functional Capacity Evaluation.
2. Develop professional skills to provide objective answers to the referral
3. Identify the purpose of FCE testing.
4. Understand how to interpret data and professionally determine an individual's ability.
5. Understand how to apply the FCE to Workers' Compensation and Long Term Disability patients
6. Develop a clear, concise method of report writing.
7. Write an objective report using the Select Medical Work Strategies FCE software.
8. Develop new market referral sources to enhance facility revenue through FCE services.
